Nova Digital Solutions — Sales Playbook

Internal document for the Nova Digital Solutions sales team. It explains our services and prices, how to choose the right service for each lead, how to qualify leads, our discount and payment rules, how to handle objections, and how to prepare a lead brief before a sales call.

1. About Nova Digital Solutions

Nova Digital Solutions is a digital agency based in Cairo, Egypt, founded in 2018. We have a team of 60 designers, developers, marketers and AI engineers, and we have delivered more than 150 projects for companies in Egypt and the Gulf.

We offer four main services: **Website Development**, **Mobile App Development**, **Digital Marketing**, and **AI Solutions** (chatbots and automation). All prices in this playbook are in US dollars (USD).

Service	Packages	Price Type
Website Development	Basic Website, Business Website, E-commerce Store	One-time project price
Mobile App Development	Basic App, Standard App, Advanced App	One-time project price
Digital Marketing	Social Media Management, Ads Management, SEO	Monthly price
AI Solutions	AI Chatbot, Business Automation, CRM + AI Integration	One-time project price

2. Website Development

Package	Price	Delivery Time	What is Included
Basic Website	$1,500	3 weeks	Up to 5 pages, mobile-friendly design, contact form, 1 year hosting
Business Website	$4,000	6 weeks	Up to 15 pages, content management system (CMS), Arabic and English, basic SEO
E-commerce Store	$8,000	8 weeks	Online store, payment gateway (cards and Fawry), product management, order tracking

The Basic Website costs $1,500 and is delivered in 3 weeks. The Business Website costs $4,000 and is delivered in 6 weeks. The E-commerce Store costs $8,000 and is delivered in 8 weeks.

3. Mobile App Development

Package	Price	Delivery Time	What is Included
Basic App	$6,000	8 weeks	One platform (Android or iPhone), up to 8 screens
Standard App	$12,000	12 weeks	Android and iPhone, up to 20 screens, notifications, user accounts
Advanced App	$25,000	16 weeks	Android and iPhone, backend server, admin dashboard, online payment, bookings

The Basic App costs $6,000. The Standard App costs $12,000 and works on both Android and iPhone. The Advanced App costs $25,000 and includes a backend server and an admin dashboard.

4. Digital Marketing

Package	Monthly Price	Minimum Contract	What is Included
Social Media Management	$800 / month	3 months	3 platforms, 20 posts per month, monthly report
Ads Management	$1,200 / month	3 months	Facebook, Instagram and Google ads. The ad budget is paid separately (minimum $500 per month)
SEO	$1,000 / month	6 months	Keyword research, website optimization, monthly ranking report

Social Media Management costs $800 per month. Ads Management costs $1,200 per month, and the ad budget itself is paid separately. SEO costs $1,000 per month with a minimum contract of 6 months.

5. AI Solutions

Package	Price	Delivery Time	What is Included
AI Chatbot	$5,000 + $300 / month	4 weeks	Chatbot for website and WhatsApp that answers customer questions 24/7 in Arabic and English
Business Automation	$7,000	6 weeks	Automating repeated tasks such as orders, invoices, reports and email follow-ups
CRM + AI Integration	$10,000	8 weeks	Connecting the company's CRM or ERP with AI: smart replies, lead scoring and automatic reports

The AI Chatbot costs $5,000 for setup plus $300 per month for hosting and updates. Business Automation costs $7,000. CRM + AI Integration costs $10,000.

6. Which Service Should We Offer?

Listen to the lead's problem and match it to the right service:

The Lead Says...	Offer
"We don't have a website" or "Customers can't find us online"	Basic Website (small company) or Business Website
"Our website is old" or "not mobile-friendly"	Business Website
"We want to sell online"	E-commerce Store
"We want customers to book or order from their phones"	Standard App or Advanced App (if they need payments and bookings)
"Our social media pages are not active"	Social Media Management
"We need more customers / more leads"	Ads Management
"We don't appear on Google"	SEO
"We answer too many messages manually"	AI Chatbot
"Too much manual work" (orders, invoices, reports)	Business Automation
"We want AI inside our CRM or ERP"	CRM + AI Integration

Cross-selling: a lead who buys a website or an app usually needs marketing after launch. Always mention Social Media Management or Ads Management as a next step.

7. Lead Qualification

A lead is **Qualified** only if it meets ALL three criteria:

• **Budget:** the lead's budget is at least the price of the package they are interested in.
• **Decision maker:** the contact person is a decision maker: CEO, Owner, Founder, General Manager, Director, or Manager.
• **Clear need:** the lead has a clear problem that one of our services can solve.

If one criterion is missing, the lead is **Not Qualified**. For example, a lead with a budget of $3,000 who wants a Standard App ($12,000) is not qualified, but you can suggest a cheaper package such as the Basic App or a Business Website. A lead whose contact person is an intern or a junior employee is not qualified until we reach a decision maker.

Lead Priority

• **Hot lead:** qualified and in the Proposal Sent or Negotiation stage. Top priority.
• **Warm lead:** qualified and in the New or Contacted stage.
• **Cold lead:** not qualified. Low priority.

8. Sales Pipeline Stages

Stage	Meaning	Next Action
New	The lead was just added to the CRM.	Call the lead within 24 hours.
Contacted	We talked to the lead at least once.	Book a discovery meeting within 3 days to understand their needs.
Proposal Sent	We sent a price proposal.	Follow up within 3 days if there is no reply.
Negotiation	The lead is discussing price and terms.	Follow the discount rules and close the deal.
Won	The lead signed the contract.	Hand over to the project manager.
Lost	The lead decided not to buy.	Follow up again after 90 days.

At-risk lead: if a lead has had no contact for more than **14 days**, contact it immediately.

9. Discount Rules

• A sales rep can give a discount of up to **10%** without approval.
• Any discount above 10% needs **sales manager approval**. The maximum discount is 20%.
• **Bundle discount:** a lead who buys 2 or more services together gets **15%** off.
• **Education organizations and non-profits** get **20%** off.
• Digital Marketing contracts of **12 months** get 10% off the monthly price.
• Discounts cannot be combined. Give the biggest one only.

10. Payment Terms

• Projects (websites, apps, AI solutions): **50%** when signing, **30%** at the middle of the project, and **20%** at delivery.
• Digital Marketing: paid monthly in advance, on the 1st of each month.
• Payment methods: bank transfer, credit card, Fawry, and InstaPay.
• Prices can be paid in Egyptian pounds at the official exchange rate on the payment day.

11. Delivery and After-Sales Support

• Every website, app and AI project includes **3 months of free maintenance** after delivery (bug fixes and small changes).
• After that, customers can subscribe to a **maintenance plan for $200 per month**.
• Every project has a dedicated project manager and weekly progress updates.
• Customers get 2 rounds of free design changes. Extra changes are charged at $40 per hour.
• The customer owns the source code and all designs after the final payment.

12. Handling Objections

"The price is too high"

Suggest a smaller package first (for example Basic Website instead of Business Website) and upgrading later, or offer the bundle discount if they need more than one service. Remind them that payment is split into 3 parts (50/30/20).

"We can hire a freelancer for less"

Explain that we give a full team (designer, developer, tester, project manager), a written contract with a fixed delivery date, 3 months of free maintenance, and that the customer owns the source code.

"We need time to think"

Respect their decision, send a short summary of the proposal by email, and schedule a follow-up call within 5 days.

"We had a bad experience with another agency"

Ask what went wrong. Share a similar case study from our portfolio and explain our weekly progress updates and fixed delivery dates.

"Does AI really work for our business?"

Offer a free 30-minute demo of an AI chatbot trained on their own website content.

13. Our Previous Work (Case Studies)

Client Industry	Project	Result
Healthcare	Booking app for a chain of clinics (Advanced App)	40% fewer phone calls for bookings
Retail	E-commerce Store for a fashion brand	Online sales reached 30% of total sales in 6 months
Education	AI Chatbot for a private university	Answered 85% of student questions automatically
Real Estate	Ads Management for a real-estate developer	3x more leads at the same ad budget
Food & Beverage	Business Automation for a food distributor	Order processing time went from 2 days to 3 hours
Logistics	CRM + AI Integration for a shipping company	Automatic shipment updates to 5,000 clients per day

14. Lead Sources and Response Time

• **Referral:** highest quality leads. Contact within 4 hours.
• **Website, Google Ads, LinkedIn, Facebook Ads:** contact within 24 hours.
• **Exhibition:** contact within 48 hours after the exhibition.
• **Cold Call:** the lead did not ask for us, so start by explaining the problem we solve.

15. How to Prepare a Lead Brief

Before any call or meeting, prepare a short brief about the lead. A good lead brief includes:

• Company name, industry, city and size (number of employees).
• Contact person and job title, and whether they are a decision maker.
• The service they are interested in and its price.
• Their budget, and whether it is enough for that service.
• Current stage in the pipeline and the next action.
• Their main problem (from the notes) and the best way to handle it.
• A cross-selling idea (another service that can help them).

16. Sales Targets and Commission

• Every sales rep has a monthly target of **$30,000** in signed contracts.
• Commission: **5%** on website and app projects, **7%** on AI Solutions, and **10%** of the first 3 months on Digital Marketing contracts.
• A bonus of $300 is given to any rep who reaches 120% of the monthly target.
• Deals with a discount above 10% get 1% less commission.

17. Frequently Asked Questions (FAQ)

Q: Do you work with companies outside Egypt?
A: Yes. We work with companies in Egypt and the Gulf countries, and all meetings can be online.

Q: Who owns the website or app after delivery?
A: The customer owns the source code and all designs after the final payment.

Q: Do you provide hosting?
A: Yes. The Basic Website includes 1 year of hosting. For other projects, hosting starts from $30 per month.

Q: Can you update an existing website instead of building a new one?
A: Yes, if it is built with a modern technology. Our team reviews it first for free.

Q: Do your chatbots support Arabic?
A: Yes. Our AI Chatbots answer in Arabic and English, including the Egyptian dialect.

Q: Can we start with one service and add more later?
A: Yes. If they add a second service within 6 months, they still get the 15% bundle discount on the second service.

Q: How long is the minimum marketing contract?
A: 3 months for Social Media Management and Ads Management, and 6 months for SEO.
